

Be yourself, but be it very well.

We pray that through living, loving and learning together, in our happy, caring community, we develop the confidence and respect to be ourselves, but to be it very well, just as Jesus wants us to be.

Amen

The children of St Cuthbert's are growing to be people who:

Welcome everyone, respecting their dignity and valuing their uniqueness as part of their community.

Use their own talents, and celebrate their successes, and those of others no matter how great or small.

Keep themselves, and others, safe and nurture a healthy mind, body and spirit.

Live their Catholic values and embrace the faiths and cultures of others.

Challenge themselves, and support others, to be themselves, but to be it very well.
